Fandoms Out For Lunch

**Hey guys! Along with Fandoms In Preschool, I've had this sitting in Google Drive for months, so I finally decided to post it. There will be more chapters, and yes, I know Malec (Alec and Magnus for non-Shadowhunters) isn't in this chapter (Alec says like one thing, though), but they WILL be in chapter two. There will also be more Sizzy and Percabeth.

Thanks!

Dedicated to BookLover3454 for following/reviewing on Fandoms In Preschool and being awesome. You guys should read her story Hadyn, Daughter of Hades. (It's a Descendants story, not PJO.)
